Dear Dr. Green:

I apologize for not answering your request for information on Dr. Brigham Witt before, but I am very limited on information about him. Here is what I could come up with:

Daniel Brigham Witt was born August 15, 1863 in Heber City, Utah.

He married his first wife Rhoda Mabel Young June 6, 1888. She was Brigham Young's daughter and a first cousin to Brigham Witt. They had one son, Brigham Winifred Witt. (They were divorced).

Some years later, he married Susana Content Palmer on July 25, 1897. From this marriage came another son, Palmer Wesley Witt.

Palmer Wesley Witt married Thelma VanWagoner in April, 1917. From this marriage came two sons, Palmer Grant Witt and Dean Russell Witt.

I remember grandfather telling me that he traveled to do dentistry to Woodland, Kamas, Oakley, Coalville, Midway, and Charlestown. He practiced dentistry from the late 1800's and early 1900's.

His office was located on Main Street. (I don't know the exact address). He sold the office building to Ernest Broadhead.

Grandfather was the first licensed dentist in Wasatch County.

I am enclosing a picture. Hope you can get a copy from it. I did not receive any forms you mentioned in your letter. If I can be of further assistance, let me know.

Sincerely,

Grant Witt
